Terms and Conditions - Level II Charger

Level II Charger Requirements

Rebate is for a Level II charger requiring a 240/208 volt input supply. Rebate amount shown is maximum and is limited to 50% of the charger equipment cost without installation. Member must sign load control agreement. EV charging stations that receive rebates may be subject to cooperative load control programs or a time of use rate. The participant agrees to allow the cooperative to control the timing of their charging equipment now or in the future. This offer is only for residential customers and is limited to one charger per home. The primary location of the charging unit must be at the address provided on this form and served by the Cooperative. It is recommended that a qualified electrician complete the installation and verify the panel is large enough to accommodate the charger. Member ownership or lease of licensed plug-in vehicle (PEV) or hybrid electric vehicle (PHEV) is required. Chargers for non-licensed utility, golf cart, off-road or other recreational vehicles are not eligible. May be subject to verification by MPC.

Please make sure to program your vehicle so it will not charge during the peak period of 4-9 PM whenever possible. This will help keep costs down for your Cooperative.

General Terms and Conditions

The Cooperative must supply all electricity to the equipment for which the rebate is being paid.

Application Information: Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request.

The Cooperative reserves the right to verify sales transactions and to have reasonable access to the Member's facility to inspect pre-existing equipment (if applicable) and energy efficient measures installed under this program.

Warranty Information: The Cooperative makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Cooperative does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability: The Cooperative's liability in Connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Cooperative be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

Participant Certification: Participating Member certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Cooperative. The Member agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Cooperative's rules and qualifications, the rebate amount may be denied or adjusted.

Program Changes/Termination: The Cooperative reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Member is responsible for checking with the Cooperative to determine whether the program has been changed or is still in effect.

Members must apply for rebates within six (6) months of the purchase date (as shown on the Member's invoice). Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.

**MIDLAND POWER COOPERATIVE
EV LEVEL II CHARGER LOAD CONTROL/TIME OF USE RATE
AGREEMENT AND REBATE**

This is an Agreement, made and entered into this ____ day of _____, 20__, by and between Midland Power Cooperative (Cooperative) and _____ (Member), the terms of which are as follows:

1. Cooperative provides electric utility service to its Members, and (b) provides rebates for level II EV chargers to its Members who sign this Load Control/Time of Use Agreement. Cooperative agrees to provide Member a rebate of \$_____.
2. Member agrees to: install the equipment at Member's expense at Member's premises as identified by the Cooperative's records as location no. _____; and (c) purchase from Cooperative and pay for all electric energy required to operate the equipment, (d) this Agreement will allow this Cooperative to control the level II EV charger in the future, (e) this Agreement will also allow the Cooperative to put the level II charger on a time of use rate now or in the future.
3. Member agrees to: (a) allow Cooperative access to verify that the equipment has been installed and to install load control or metering equipment in accordance with the requirements of this Agreement; (b) authorize Cooperative, at Cooperative's expense, to install, operate, maintain, and replace as necessary, control equipment on facilities that will allow Cooperative to interrupt electric service to the heat pump; and (c) authorize Cooperative to interrupt electric service to the heat pump at specified times.
4. Member agrees that neither the Cooperative nor its wholesale power supplier shall be liable for any loss, costs, or damages caused by or resulting from Member's purchase, installation, operation, or use of the equipment, or Cooperative's interruption of electric service as authorized by this Agreement.
5. The Cooperative shall have the right to cancel this Agreement in the event Member fails to install or maintain the level II EV charger, or tampers with, or modifies the load control/time of use equipment. Member may cancel this Agreement by providing Cooperative not less than thirty (30) days advance written notice of cancellation. In the event of cancellation by Cooperative or Member, Member shall pay Cooperative the rebated amount plus the discounted value for load control/time of use incentive and, in the event the load control equipment has been installed, shall allow the Cooperative to remove the load control/time of use equipment and shall pay for the Cooperative's cost of installing and removing said equipment.

This Agreement is effective as of the date and year as first above written, and shall remain in effect, including sale of property where the level II charger is located to new owner, for the useful service life of the charger, unless sooner canceled pursuant to paragraph 5 of this Agreement.
